

Air Venturi®

AIR VENTURI PRODUCT CATALOG

WHY CHOOSE **AIR VENTURI**

Air Venturi is an innovative airgun manufacturer, importer, and a distributor for top airgun brands. No matter how big or small your operation is, we have the knowledge and selection of guns, accessories, and ammo to provide you with that "one-stop shop" experience. Let us show you the Air Venturi difference on your next order.

IT'S REALLY VERY SIMPLE.

The airgun world is rapidly changing. Gone are the days of the simple breakbarrel...now your customers are coming to you with questions on tanks, pumps, hoses, adapters and fittings.

Air Venturi can help you assist your customers and sell the latest and greatest airguns available. We can offer training and support that will make you an expert, or simply provide advice and instruction to get you by.

YOU CAN TAKE ADVANTAGE OF THE FOLLOWING BENEFITS WITH EACH AND EVERY ORDER:

- Reasonable minimum order requirements
- Free ground shipping on qualified orders
- Flexible payment terms
- Fast order processing
- Personal account representative

AV-P00020

AV-T0120

BB BANDIT TARGET

Double-ply foam in front of metal plate to stop/slow projectiles, Includes multiple paper targets for hours of fun. For use with .177 cal. Pellets or BBs only.

AVEGLFB-9

Airgun Golf

A new sport for airgunners everywhere! This white beauty may look and feel like the real thing, but once you shoot it, it bursts in a spiral of powder and debris. Available in 9 count packages.

AUTO-ROTATING MEDUSA TARGET SYSTEM

AV-T0160

Interactive auto-rotating targets. Corrosion-resistant coating. Portable & easy to set up. Durable metal frame & targets. Adj. legs to level on any terrain. Suitable for use indoors & out w/.177 cal. lead pellets and low ricochet lead BBs only.

Air Venturi Quick Cleaning Pellets

Cleaning pellets ideal for any type of pellet gun. Remove dirt, debris & lead build-up.

BN-3860, BN-3862, BN-3870, BN-3865

AV-T0140

DUELING TREE AIRGUN TARGET

Go head-to-head in a contest of speed and accuracy. Each shooter starts with 2 paddles on their side. The goal is to shoot all 4 paddles onto your opponents side. Can be used with .177, .20, or .22 caliber airguns.

AV-T0130

Cowboy Action Diamond Gong Airgun Target

Test quick draw shooting skills with the Air Venturi Diamond Gong target. Whether the shooter is a beginner or a full-blown pistolero, the Diamond will help sharpen your single action skills. Adjustable from 33" to 45".

AV-MCOMP4500-2

Air Venturi Nomad II 4500 PSI Portable PCP Compressor

The Nomad II is a compact compressor that can be powered from any 110 or 220V outlet, as well as a 12V car battery—a real lifesaver for PCP gunners filling up at the range or in the field. It can fill a 250cc cylinder from 0 psi to 3000 psi in as little as 9 minutes. The adjustable, automatic shut-off allows the user to set the compressor to the exact fill pressure of their gun (up to 4500 psi) and the unit stops when pressure is reached. 1-yr warranty.

AV-A00130

Air Venturi G7S Hand Pump

Fold-able and convenient, the G7S pumps up to 4500 psi. So you can quickly jump back into shooting. Incl. integral air pressure gauge and 17.5" hose with quick disconnect.

AV-4590-HPT
AV-4574-HPT
AV-4598-HPT

ASPEN PCP AIR RIFLE, MULTI-PUMP

Leave the fill source behind with the Seneca Aspen. As a multi-pump PCP airgun, shooting with the Aspen means never running out of air! The Aspen uses an integrated pump to fill its 3,600 PSI/ 250 BAR cylinder. When used as a multi-pump, you can shoot up to 17 shots with 40-60 pumps - and it only requires about 28 lbs of effort at 3,600 PSI. If you want to fill faster, it can fill like a traditional PCP with the included male QD probe. Includes a 4x32 AO scope.

M1 Carbine Airgun and Airsoft Rifles

The standard firearm for the U.S. military during World War II, the Korean War and well into the Vietnam War is now available as a replica - choose between the M1 Carbine .177 BB CO₂ Air Rifle, or CO₂ Airsoft Rifle. As an air rifle, the M1 features a 15 round magazine and is powered by a single 12-gram CO₂ cartridge. It features a metal upper receiver with a synthetic wood look stock. Shooting up to velocities of 425 fps (with a 5.1 grain steel BB), the M1 Carbine Air Rifle gets nearly 40 shots per cartridge. As an airsoft rifle, the M1 shoots up to 450 fps (w/ a .2g airsoft BB) and gets nearly 60 shots per fill. The semi-auto action is powered by a single 12-gram CO₂ cartridge and features full blowback. Great for skirmishing!

LASSO 4x15 Rifle Scope & Rings

- Fits airguns with 3/8" dovetail mounting rail
- Cross-hair reticle
- Adjustable for windage and elevation
- 3/8" dovetail rings included

LASSO Scope Mount

The Lever Action Simple Securing Optics (LASSO) mount transforms your lever action rifle from open sights to scoped. The LASSO mount is a fantastic way to introduce young shooters to shooting with optics, all on a platform that is easy to work with.
